

Pisgah Scientific Collaborative

Next Meeting

Tuesday April 24, 2007

Meet at the Pisgah Visitor's Center

Time 12:30 PM

We will be meeting with Bill Leak, Research Forester with the Northern Research Station, USDA Forest Service. Bill will be discussing soil/site/vegetation relationships. We will be looking at a variety of soil habitats, digging soil pits to examine profiles and discussing the relationships of those soil habitats to the typical vegetation to be expected on those sites.

Please come dressed for field work.
